

LED Talks, Walks and Workshops:

Leading Environmental Discoveries

A series of community focussed Twilight Talks, Wild-side Walks and Workshops celebrating Tasmania's biodiversity and range of scientific literacies involved in analysing, interpreting and appreciating our multilayered macro and micro ecosystems.

Venue: Sustainability Learning Centre 50 Olinda Grove, Mt Nelson

Intended Audience: open to families and community members

How to book a place? Numbers are limited and bookings are essential. Find out more email sustainability.learningcentre@education.tas.gov.au

Botanical Arts Workshops: Deborah Wace Artist /Designer

Learn from innovative botanic print artist Deb Wace through participating in the series of 3 workshops to master and make your very own mono print. See Deb's work

<https://www.youtube.com/watch?v=EMcO9UnysME>

Workshop Dates

- Sat Sept 12 Workshop 1: 10 am – 3.30 pm
- Sat Sept 19 Workshop 2: 10 am – 3.30 pm
- Tues Sept 22nd Workshop : 3: 6.00 – 9.30 pm

Cost: \$50 in total for the 3 workshops

Bookings close: Aug 21st

Workshop outline:

Study native plants under the microscope, draw and scale up the works, transfer images onto the plates and print them using mono print and dry-point intaglio printmaking techniques. The public exhibition resulting from the workshops will showcase the learning process and demonstrate the progression of ideas and accomplished finished works.
